

METRONOM solar

All-round wellbeing through solar frequencies.
The new Zapper generation.

METRONOM solar

▶ ... is the only pocket magnetic-field instrument in the whole world with automatic basic program and four individual frequency programs. It has three biological standards available.

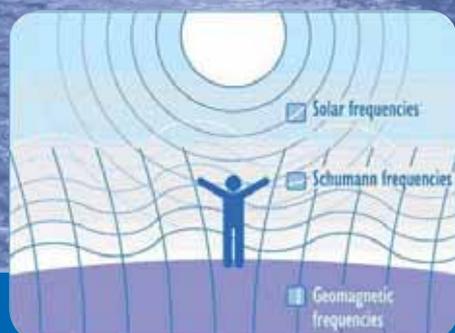

▶ ... with its automatic "sun" program, it takes care of your wellbeing in a natural way. Four further programs can be used selectively in cases of lack of energy and exhaustion, lack of concentration and inattentiveness, restlessness, electric sensitivity and electromagnetic pollution as well as for relaxation.

▶ ... belongs to the new generation of Zappers! Thanks to its physiological magnetic field, it reaches the intracellular region (in contrast to conventional Zappers). This is an important requirement for the treatment of chronic complaints caused by bacteria, fungi, viruses and parasites. **METRONOM solar** automatically runs through all frequencies (in harmonics up to 10 MHz) from Hulda CLARK and Royal RIFE.

▶ ... is robust, wear and maintenance free, handy, simple to operate and hardly bigger than a packet of cigarettes. It switches itself off automatically after 30 min. Even when used daily, the standard batteries last about half a year.

NEW!

Now comes with an ampoule holder for the input of substrate oscillations (homeopathic substances and Bach flower remedies)

Function – Application

METRONOM solar is battery operated (standard 9V block battery) and generates electromagnetic signals. There is a choice of five programs which can be selected by pushbutton. The table shows which programs are available.

Depending on your need, you can use your **METRONOM solar** preventively once or several times daily by placing it near the thymus gland or the solar plexus. You can thus do a lot for your daily health care.

You can gain energy, well-being and vitality by stimulating, stabilizing and harmonizing the vegetative nervous system. You can activate, strengthen and accelerate your natural healing powers and support the detoxification of your body!

METRONOM solar stabilizes and encourages the regulative capability!

Symbol	Clock frequency in Hz	Application
 sun	frequency scan: decreasing from approx. 1,000 Hz to approx. 1 Hz, then starts again. A scan lasts about 7.5 sec. With harmonics up to 10 MHz.	standard bio-energetic program stabilizes and harmonizes the organism and vegetative nervous system with Zapper function
 power	33	stimulating in cases of indifference and lack of strength and energy; brings fitness
 YIN / YANG	7.8	balancing / stabilizing e.g. in cases of lack of concentration, inattentiveness, weather-dependent unwell feeling, jetlag; for energizing watery foods
 moon	3.0	soothing in cases of restlessness, for relaxation and inducing sleep
 mobile phone	1.2	relaxing in cases of electric sensitivity, (e.g. working at PC), very relaxing, inflammation; Nogier frequency

Unique in the world!

And look out for the arrows symbol!

Only the magnetic-field instruments developed by W. Ludwig of the Institute for Biophysics in Tauberbischofsheim (Germany) generate the electromagnetic bio-field which is a copy of the one in the undisturbed nature and in the correct relation (YIN-YANG equilibrium). The frequency spectrum of the 64 essential trace elements is generated by a world-wide unique process.

No risk attached – why don't you test the **METRONOM solar**? You have the right to return it within 90 days with moneyback guarantee!

You can test **METRONOM solar** for a whole 90 days. Should you not be satisfied, send the instrument back to us (without giving a reason) within this period. We will refund the purchase price (excluding postage and packing) on the condition that the unit is in perfect condition.

Harmonic oscillation stimulate self-regulation!

In contrast to all other instruments on the market, **METRONOM solar** generates the following harmonic oscillations:

Schumann frequencies – YANG signal:
Inherent oscillations of the earth's surface / ionosphere

Geomagnetic frequencies – YIN signal:
Modulation of the earth's magnetic field with the inherent frequencies of the 64 trace elements

Solar frequencies:
FM frequencies corresponding to natural sunlight
